# GEORGETOWN AND ITS AFFAIRS.

GEORGETOWN, July 24—12 m.

The Odeon, at the Convent of Visitation, on yesterday was crowded to overflowing, from the commencement to the close of the exercises. There were present a great many distinguished persons, both from the District and abroad, among whom was the President of the United States and his lady.

The exercises throughout were highly interesting, and I regret that the time and space allotted will not permit me to notice the great number of beautiful pieces performed and the names of the performers, and the names of those young ladies who received the beautiful medals and the rich premiums as awards of merit. Suffice it to say, that the exercises of yesterday have never been surpassed at this or any other similar institution.

President Fillmore, assisted by the Rev. Mr. McGuire, distributed the medals and premiums.

Officer Adams arrested John Glascoe, a free negro, charged with attempting to commit a rape upon a girl, thirteen years of age, by the name of Carter. He was taken before Justice Reaver, who committed him to jail. Officer Adams also arrested Chas. Cole, free negro, for breaking into the house of Catharine Barnes. He was committed to jail by the same Justice.

The flour and grain market remains unchanged. There was a sale yesterday of 500 bushels of prime old white wheat, at 92c., to the Columbia mills.

SERIOUS ACCIDENT.—Yesterday Mrs. Waring, of Maryland, was on her way down to witness the exhibition at the Convent, her horse became frightened and ran off with the carriage, which upset and very seriously injured her, besides breaking the carriage. The lady's face and head, I understand, was very badly cut and bruised.

Arrivals.—Schr. D. Philips, Small, Eastport, Maine, to Wheatley & Walker; Schr. G. A. Johnson, Johnson, Philadelphia, coal to Georgetown College; dark Eben Dodge, Clarence, Salem, to F. & A. H. Dodge.

Canal Trade.—Arrived, Star, 73 miles, wheat and flour; Wm. Jackson, 60 miles, limestone; Thomas Jefferson, 60; American Flag, 127 miles, wheat, flour, hay, and cement; Edward Payson, 62 miles, limestone.

Departed.—Capt. Walker, Buena Vista, Ramble, C. Arthur, J. R. Annan, Louisa, J. Motter, Ohio, Metacomb, Experiment, Wm. Jackson, Thos. Jefferson, L. A. Phelps. E. K. R. O. K. R. O.

NEW YORK, July 24—1 p. m.

Market unchanged, U. S. 6's, 1867, declined five-eighths.

BALTIMORE, July 24—2 p. m.

Sales 1,000 bbls. City Mills flour, at \$4.50. Grain unchanged.

PITTSBURG, July 22.—A fire broke out this morning in the 5th ward, destroying two brick houses. A woman and child who were in one of the buildings were burned to death. The railroad excitement here is increasing—a meeting was held last evening in favor of constructing a road from Beaver to Wellsville, which will give Pittsburg direct communication with the lakes. A party of eight hundred left this morning in the cars on a pleasure excursion to Rochester. The river is falling slowly, with six feet of water in the channel.

BOSTON, July 22.—A man named Stephen Linscott, of Cornish, Maine, attempted to murder his wife on Monday last week, by cutting her throat with a razor. A deep wound was inflicted, exposing the windpipe, but it did not cause immediate death. After this murderous attempt, he cut his own throat with a broad axe, completely dividing the windpipe.

Linscott, it is supposed, was laboring under the effects of delirium tremens. He had in his possession six quarts of rum at the time the deed was committed.

July 23, 2 p. m.—The Canada sailed to-day with forty-eight passengers for Liverpool, fourteen for Halifax, and \$15,000 in specie.

Two brothers named Dudley, and a man named Brown, returned Californians, were robbed to-day of \$8,000 in gold at the Adonis House.

ROXBURY, Mass., July 22.—Three men belonging to this place, while digging at the corner of Ruggles and Parker streets, last night, at the depth of three or four feet discovered a box or trunk containing a large amount of money, supposed to have been buried by a notorious character named Walker, who occupied a cottage in the vicinity some time since.

NEW YORK, July 23.—Advices from Rio Janeiro to June 10th, state that the yellow fever had entirely disappeared.

SALE OF CITY PROPERTY.—J. C. Green (for A. Green, auctioneer,) yesterday sold at public sale the following property, to wit:

Lot No. 14, situated in square No. 455, fronting 28 feet 3 inches on G street north, running back 120 feet 23 inches deep, between Sixth and Seventh streets, was sold to John Throckmorton for 21 1/2 cents a square foot; also a two-story brick house and lot, fronting 16 feet on north G street, between Twelfth and Thirteenth streets, were sold to E. Roe for \$970; also Lot No. 2, in square No. 552, sold to J. F. Wollard for 4 1/2 mills; Lot No. 4, in same square, No. 552, sold to same person, for 3 mills; Lot No. 5, in same square, sold for same price to same; Lot 6, in same square, sold to same person for 3 1/2 mills; lots 31 and 32, in same square, sold to same person for 3 mills; Lot 1, in square No. 555, sold to Capt. John Goddard, for 4 mills; lots 2, 3, 4, and 20, sold to same person, for 3 1/2 mills a square foot; Lot 5, in square No. 389, sold to Captain Jones, for 5 1/2 cents; Lot 8, in square No. 389, sold to T. B. Goddard, for 4 1/2 cents; lots 21 and 22, in square 390, sold to E. A. C. Goddard, for 3 cents a foot.

Nearly all of these lots are on the boundary of the city.

GEN. CASS.—The Philadelphia Statesman says: "We scarcely pick up a Democratic paper, either from the North, West, or South—provided that paper is sincerely devoted to the Union—which does not openly advocate the claims of General Cass for the Presidency, or else speak of him in the most flattering terms, as among the most prominent and available of the candidates yet presented to the consideration of the Democracy."

THE UNION ACADEMY, at its headquarters, and worthy men are freely canvassed, and in their own States are more or less ardently urged; but still, the great national services, and the national reputation of Gen. Cass, the unspotted purity of his life and character, whether as a great statesman or a private citizen, has elevated him far above all others named, and to a great extent, destroyed all State and sectional pride in a general desire to place him in a position which his deep devotion to Democratic principles, and his eminent genius and statesmanship so fully qualify him to occupy."

THE WORLD CANNOT PRODUCE STRONGER EVIDENCE THAN THIS, kindly handed to us by J. STROCKBAND, esq., of the Fountain Hotel, Light street, a gentleman extensively and favorably known. The writer of the letter, Captain Cass, is the brother of the celebrated Physician to Louis Napoleon, President of the French Republic. Numbers of our most respectable citizens, and of our most distinguished statesmen, are HAMPTON'S VEGETABLE TINCTURE. It is a certain cure for Dyspepsia, Scrophula, Liver Complaint, &c., and all diseases from impure blood.

BALTIMORE, June 4, 1851.

Mr. Stockbridge of the Fountain Hotel, Light street, Baltimore, Md. Being on the point of leaving the city, I avail myself of a few idle moments to thank you kindly for the medicine you sent me, and which has restored me to the use of my limbs, and has done me more good, in a few days, than any other medicine I have ever used. I had the time to use Mr. Hampton's Vegetable Tincture my confidence is so strong that I present the foregoing testimonial to you, and I beg you to send me my bottle, and induce them to make it more publicly known as a sure Rheumatic cure. Having called on you on the 19th of April last, and seen you, I beg you to send me my bottle, and induce them to make it more publicly known as a sure Rheumatic cure. Having called on you on the 19th of April last, and seen you, I beg you to send me my bottle, and induce them to make it more publicly known as a sure Rheumatic cure.

It is really a pity this specific should not be approved by the medical men, and its use should be made the impatience of the public generally give such preparations. I myself, who was always opposed to a patented specific, took this medicine with reluctance, and without confidence in it, and it was only through your direct, friendly recommendation, and my critical situation, that I induced me to try this really beneficial Vegetable Tincture.

You may inform Messrs. Mortimer & Mowbray that they are at liberty to make use of my name in the support of the good effects of Dr. Hampton's Vegetable Tincture, as it has cured me, in five weeks, of a chronic Rheumatism, contracted under tropical climate, and of seven years' periodical duration. I have only one complaint to add, that even the deformed parts of my limbs are fast returning to their former natural appearance.

I have been under the treatment of several physicians in London and Paris, without any apparent benefit; also while in New York, having tried the Thompsonian and Homoeopathic remedies, after having been tormented with galling batteries, cold and rheumatic baths, and hundreds of internal and external medicines, all to no effect. I am, so far, cured by this Hampton's Vegetable Tincture only. Therefore, my dear Sir, accept of the assurance of my gratitude, and believe me your sincere friend.

(Signed) THOMAS CANTON.

WONDERFUL CURE OF HEREDITARY SCROFULA. This certificate is from the pen of a gentleman whose name appears on the Journal of Congress—one who is extensively and favorably known.

It confers me pleasure to state that Dr. Jose Hampton's Tincture has effected a most extraordinary cure of my slave boy, Albert. The patient was three years old, and had the Scrophula—his father is scrofulous. The boy was a moving mass of sores from head to foot; the upper lip of the face was much swollen, and turned inside out, exhibiting horrible mattering ulcers, that protruded the eye-ball so as to produce blindness. It is strange, yet true, this child—that I felt resigned to see die as a result from suffering—he has been restored to health under the treatment of Dr. Hampton's Tincture.

LOUISVILLE, March 20, 1851.

We have a large number of certificates from our most respectable citizens attesting cures made by this celebrated Tincture of every kind of Scrophula, and of all other remedies have failed. We ask the belief of our Agents and God pamphlets with certificates of cures.

They will endeavor to furnish the community with the most important information they may obtain in regard to the Geography, Exploration, Resources, Commerce and Population of Africa, and the progress of the cause of African Colonization and Civilization; and will enforce the duty of union among all Christian denominations in efforts to diffuse the Gospel of Liberty and Christianity, and to liberate the African race from the bondage of the continent.

They will also endeavor to make the journal an instructive and useful medium for the dissemination of knowledge, and as the public favor shall enable them, contributions, literary and scientific, of decided merit.

It will be printed with new type, on fine white paper, and, in mechanical execution, be equal to the best newspapers in the country.

Postmasters or others, who may be pleased to act as voluntary agents, will be responsible to those who may pay over to them subscriptions; and to the order of agents, or to any who may make remittances for the Christian Statesman, it will be supplied on the following terms:
